

# Soldiers Speak Out

---

## Plus Lt. Ehren Watada Short Videos

---

*Soldiers Speak Out*, a short but very powerful film, features Iraq and Viet Nam veterans speaking about what war does to our soldiers, about stop-loss, and PTSD, and about the unkept promises of the recruiters. Teens and their families are especially invited. This film is a reality check on the side of war that the recruiters in our schools do not discuss with the students.

A locally-made video interview with Hawaii's Lt. Ehren Watada, first Army officer to refuse to be sent to Iraq, as well as his powerful position statement, will also be shown and discussed. Lt. Watada's court martial is set for Feb. 5. See [www.thankyoult.org](http://www.thankyoult.org) for updates and ways to support Lt. Watada.
