

UNPRECEDENTED: the 2000 PRESIDENTIAL ELECTION

a film by
Joan Sekler and Richard R. Perez

The battle for the Presidency in Florida during the last election and its suspicious irregularities: electoral injustices, sinister voter purges in a state governed by the winning candidate's brother, African-American voters turned away from polls, "protesters" against the recount who were staff members of elected Republicans - Did George W. Bush steal the presidency of the United States and get away with it?
