

Life in Occupied Palestine

Eye-Witness Stories and Photos

Anna Baltzer's acclaimed video outlines human rights abuses and the joint Palestinian and Israeli nonviolent resistance movement unknown to many. *Life in Occupied Palestine* provides an excellent introduction—in a down-to-earth, non-alienating way—to the occupation and the nonviolent movement for freedom and equality in the Holy Land.

Anna is a Jewish American Columbia graduate, former-Fulbright scholar, granddaughter of Holocaust refugees, and author of *Witness in Palestine*.
