BAGHDAD - KILLED 11/23/05

The Opening of the Peace Ribbon Project, a national traveling exhibit of 125 original fabric panels honoring the memory of people - our soldiers, Coalition soldiers, and Iraqi citizens - whose lives have been lost in the Iraq war and occupation will honor and memorialize those whose lives have been sacrificed in the war. There will also be informational updates about the court-martial, occurring the same day, of Hawaii's Lt. Ehren Watada, first Army officer to refuse deployment to the Iraq war.

Ki'ope Raymond will open the event with a pule in Hawaiian. Speakers will be Dick Mayer, retired MCC Professor, Lance Holter, and W. S. Merwin, Pulitzer prize-winning poet, playwright and author of the novel-in-verse about Molokai, *The Folding Cliffs: A Narrative*.

Anyone can add a panel to the traveling exhibit in remembrance of someone who has died in Iraq.
